# Introducing CUFI Academy UK

CUFI Academy aims to reach the next generation with the truth about Israel. Our desire is to raise up future leaders who develop a passion for Israel and become effective advocates for truth in whatever vocations they pursue.

We are living in a society that is becoming increasingly hostile towards Israel. Antisemitism is on the rise; social media is flooded with anti-Israel propoganda, and college and university campuses are challenging environments for Christians and Jews who love Israel. CUFI Academy has been launched to prepare the next generation with the tools to stand with Israel, whether it be in their professional careers, in their churches, or in their homes.

ALUMNI

## **CUFI Academy Alumni**

CUFI Academy is much more than just completing the course material. You will become part of something much bigger – a movement of young people who desire to make an impact by advocating for Israel in the future. By completing these courses, you will automatically become an alumni of CUFI Academy in honour of what you have achieved. Whatever vocation and direction you choose, we want to maintain our connection with you and equip you in your stand with Israel.

This may include special invitations to attend CUFI events, Zoom calls on specific topics, and an invitation to a proposed CUFI Alumni Residential Retreat. There may also be opportunities to volunteer with CUFI in advocacy.

CUFI will also support alumni in leading The Israel Course themselves, or holding a Voices of the Holocaust evening, or any other CUFI initiative.

# FAQs

## **Is CUFI Academy UK accredited?**

While CUFI Academy is not yet accredited as a qualification, you will be provided with a certificate of completion.

## **How long will the courses take and can I do it alongside other studies?**

The Israel Course is 13 weeks in length and The Holocaust Course is 8 weeks. Each week, students will be assigned one or two chapters of the textbook to read. This will require commitment, but it is intended to be done alongside your other activities. A weekly group Zoom call (1.5 hours) will be held to review the material for that week.

## **What is the online test?**

The online test is completed in the student's own time at the end of the course and is CUFI's method of assessing that the student has understood the material. If necessary, the student can retest until a pass is achieved.

## **What do I do after completing the course?**

You may like to continue with a second course or pause and enrol at a later time. Students who complete these courses will become CUFI Academy Alumni. As alumni you can continue to remain connected to CUFI and will receive invites to future activities. Our aim is that as the CUFI Academy grows, so too will opportunities for our alumni. Please see the relevant section for more information.
